- Recite to each other all the passages that have been assigned, #1-19.
- Recite to each other the books of the Bible.
- Make sure all the questions for Lesson 19 are answered in the Connections book.
- Make sure all “Closer Look” boxes for Lesson 19 are completed in the Connections book.
- Make sure the passage to be memorized from last week’s lesson (#19, Romans 5:12) is written on the “I want to remember” page.
- *If the last three items aren’t completed, have your child complete them before going on.*

Teach this lesson

Prepare to teach your child by reading through the questions and passages in this lesson by yourself and then watching the video for this lesson. The video isn’t intended for your child; only for you. You’ll find a link to the St. Andrew YouTube channel pinned to the top of the messages in the CCB, Group “Parents Equipped to Teach '18-'19.” If you have trouble finding it or accessing it, send an email to info@st-andrew-online.org or call the church office at 831-8540.

Assign work to be done before your next lesson

- A. *If* you are opting to ask your child the catechism questions and have him/her write the answer in in the Connections pages as you study them together, then tell your child to review the notes he/she has taken before you meet next time. --
or
 - B. *If* you are opting to assign your child to use the Catechism to fill in the Connections pages on his/her own in advance of your lesson together, assign the next lesson.
- Memorize passage the passage for this lesson: #20, Mark 10:45
 - Be able to recite all the passages 1-20.
 - Be able to recite the books of the Bible.
 - (Optional) Luther’s explanation to the Second Article of the Apostles’ Creed is worth memorizing. It’s up to you parents whether or not you will require that of your child.
 - Make any memorization an event for the whole family; reciting after dinner, in the car, etc. It’s the Word of God; worth memorizing more than anything else!
