

HYMN HIGHLIGHT

Two Christmas Dialogues now in *Service Builder*

These dialogues may replace the Confession and Kyrie. To add one to a service plan, click “add rite.” Or in bulletin view, click “insert>rite.” Then delete the Confession, Absolution, Kyrie, and any unneeded rubrics. After exporting, delete also the italic comment about the dialogue replacing the Confession and Kyrie.

Unlike additional content that any user can add under their My Worship Resources, these dialogues are “official” content supplied by the hymnal committee and available to any user of *Service Builder*. Additional dialogues will be added in the future.

For those not yet using *Service Builder*, a free trial version—fully functional except for exporting—is available here: online.nph.net/servicebuilder. Comments about this trial version are here: christianworship.com/articles/2021/11/4/christian-worship-service-builder-provides-a-generous-trial-mode-at-no-cost. Additional orientation and training videos are at welscongregationalservices.net/hymnal-introduction-resources/ and christianworship.com/products/service-builder.
