LUTHERAN CHURCH

Come, Let Us Worship the LORD!

“Christian Worship” is the name of the suite of products released in 2021 by our national church body, the Wisconsin Evangelical Lutheran Synod (WELS). The WELS Hymnal Project had over a hundred volunteer committee members who comprised twelve different committees. The project took ten years to complete, with some residual work still taking place. As of October 2022, hymnal pew edition sales totaled approximately 140,000. It is estimated that of 1200 WELS congregations, approximately 750 congregations have adopted the new Christian Worship hymnal and its supporting resources. Over 500 congregations have subscribed to the hymnal’s new software program.

“Come, Let Us Worship the LORD” is a hymnal acquisition campaign for Faith Lutheran Church in Tallahassee, FL. The campaign has been configured to provide one hymnal for each chair in the current sanctuary, a number of psalters and acclamation booklets sufficient for small group singers, along with a number of other auxiliary resources.

Members and friends of the congregation are welcome to make donations toward the items found in this brochure. Elders chairman Jonathan will be the contact person for this campaign. If you wish to donate a certain item or items, please contact Jonathan. He will keep a record of which items have been pledged. Partial donations are acceptable. If a certain item or all items that you are interested in donating have been covered, please inquire with Jonathan about adding to the total number of hymnals and psalters we have targeted for this campaign.

Faith Lutheran has made use of a memorial plaque in the past. Items may be donated “in memory of” or “in honor of” loved ones. If donating in this way, please share the information with Jonathan and he will record the dedication information so that it will be preserved as part of our congregational history.
