This includes all children born to members in the past calendar year, resulting in an increase in total congregational membership.

* Adult confirmations <a href="#">i</a>	<input type="text"/>	0
---	----------------------	---

This includes all individuals who joined the congregation in the past calendar year after taking an adult Bible information class (BIC).

* Received by profession of faith <a href="#">i</a>	<input type="text"/>	0
---	----------------------	---

This includes all individuals who joined the congregation in the past calendar year after professing agreement with all the doctrines of WELS. These individuals were not required to take a Bible information class to join the congregation. (If they were, please count them as "adult confirmations" in the previous field.)

* Children of adult confirmations and those received by profession of faith <a href="#">i</a>	<input type="text"/>	0
---	----------------------	---

This includes all children who joined the church because they have parents who joined the church through adult confirmation or who were received by profession of faith. (E.g., a husband and wife join the congregation after taking Bible information class. They have three children. The two adults are recorded under "Adult confirmations." Their three children are recorded in this field.)

* Transferred in from sister congregations <a href="#">i</a>	<input type="text"/>	0
--	----------------------	---

This includes all new members, baptized and communicant, whose membership was transferred to your congregation from another WELS or ELS congregation in the past calendar year.

## Membership Losses

* Excommunications <a href="#">i</a>	<input type="text"/>	0
--------------------------------------	----------------------	---

* Removals <a href="#">i</a>	<input type="text"/>	0
------------------------------	----------------------	---

* Releases <a href="#">i</a>	<input type="text"/>	0
------------------------------	----------------------	---

This includes all individuals who are released from membership in the past calendar year because of self-exclusion. The spiritual leaders of the congregation do not feel excommunication is appropriate, because the individual confesses faith in Jesus Christ. However, the individual has also made it evident, by prolonged absence from any congregational activities, that he does not want the congregation or pastor(s) to serve him.

* Joined other Christian churches <a href="#">i</a>	<input type="text"/>	0
---	----------------------	---

This includes all individuals who quit the congregation in the past calendar year to join another Christian church that is not in fellowship with WELS or ELS.
