

YOUTH MINISTRY MADE SIMPLE

Sample Teen Bible Studies

- These Bible studies are meant to be:
 - Examples to help you craft your own studies, or
 - Studies you can adapt for your setting.**They are not intended to be “plug and play.”**
- They are not meant to print out and hand out to your teens. They are intended to be a guide or outline for the Bible study leader. The goal is to have a conversation about God’s Word with your teens.
- We hope to be able to add more resources to this database in the future. If you have quality teen Bible studies you are willing to widely share with other congregations, please contact the Commission on Discipleship.
